PROFESSIONAL SUMMARY

Certified IBM SkillsBuild Cybersecurity Analyst pursuing a **Bachelor of Science in Computer Science at the University of the People**, with hands-on experience in cybersecurity assessments, risk analysis, security planning, and enterprise security improvement projects. Passionate about Governance, Risk & Compliance (GRC), Security Operations (SOC), and defensive cybersecurity.

CORE SKILLS

• Security Risk Assessment • Vulnerability Assessment • Operating System Security • Security Policy Development • Physical & Administrative Security Controls • Backup & Recovery Planning • Governance, Risk & Compliance (GRC) • Network Security Fundamentals • Identity & Access Management (IAM) • Cybersecurity Documentation • Analytical Thinking • Problem Solving • Communication • Attention to Detail

TECHNICAL TOOLS

Git & GitHub • Microsoft Word • Microsoft Excel • Windows Security • Linux • Nmap • Google Docs • Canva

CYBERSECURITY PORTFOLIO PROJECTS

Enterprise Cybersecurity Assessment & Improvement Plan (Capstone)

IBM SkillsBuild Cybersecurity Portfolio Project

- Assessed technical, administrative, and physical security controls.
- Identified security gaps and recommended prioritized improvements.

Operating System Security Assessment

IBM SkillsBuild Cybersecurity Portfolio Project

- Evaluated authentication, access controls, user privileges, and system configurations.
- Produced actionable security recommendations.

Risk Assessment

IBM SkillsBuild Cybersecurity Portfolio Project

- Identified assets, threats, vulnerabilities, and business impacts.
- Developed practical risk mitigation recommendations.

Additional Projects: Security Firmware Plan, Physical Security Control Plan, Administrative Control Plan, and Backup & Recovery Plan.

GitHub Portfolio: Enterprise security assessments, risk assessments, security plans, and supporting documentation: github.com/danieltetenu-sec

CERTIFICATIONS

- IBM SkillsBuild Certified Cybersecurity Analyst (2026)
- 6+ Verified Digital Badges on Credly
- Accenture Learning to Earning Professional Development (7+ Certificates)

EDUCATION

- University of the People – BSc Computer Science (In Progress)
- Senior Secondary School Certificate Examination (SSCE) — National Examinations Council (NECO), 2008
